Principal’s Report- Judith Thayer

Florida legislature always has things we have to do. Student must now take and pass technology certificates. Tech is our future, kids need to know how to use excel, etc. Starting next year, every year kids must earn coding, multi media, etc. must take technology course. This is an actual law, not just LPA saying you must take tech classes. We don’t offer tech 6th, 7th and 8th. Some can take in 7th, others have to take in 8th. Tech has always been elective, now required. You are not allowed to take as a virtual course, it’s not an option because the exam must be proctored. Must be earned once during middle school career.

I would like to mention something that comes up a lot this time of year. Many people think they need to take HOPE now so they don’t have to sweat in high school. HOPE is not a weighted class. You have to take 3 non weighted classes anyway, so you’re not getting anything out of the way by taking it early. You’ll just be substituting another nonweighted class in 9th grade. HOPE talks about many advanced subjects such as date rape, sexual assault, binge drinking, venereal diseases, alternative life style choices. Have had parents ask if their 6th graders can take it? I usually ask them, do you think your 11 year old needs to hear about this? It’s not as

good of an idea to get 'out of the way' as many think.

Q- Is state going to give us newer, better faster computers due to new tech requirement? No. We've added one lab with 48 computers in it in anticipation. You know this is coming so you have to plan for it. Next year, also 3rd grade, paper/pencil will go away for testing.

Q- We need to submit our name and address for 6th grade and 9th grade, proof of residency. Also, 7th graders must have tdap shot. No schedules will be given out without the proof residency and shot documentation. This is coming straight from District. Also, if you're starting kindergarten, must have shot before you can start 1st day of school. This will be implemented without exception.

President- Erin Gulden

Reminder about public record logs. Everything you email to Mrs. Thayer, teachers, any PTO member can be subject to public record. Go back to thought for the day, just be nice. 😊

1st Vice President- Erin Archer

Yankee candle fundraiser ended yesterday, but got some random orders today. Top 4 students will get prizes, K, 6th, 1st, and 3rd. Teachers, Mrs. Bell 1st, Mrs. West 1st, Mrs. O'Shell will receive prizes for top 3 teachers. We have a 60/40 split with Yankee. We have to pay sales tax. Take total subtract taxes then 60-40 split. We sold roughly \$8,400 in candles. Will probably net around \$3,000. Need to remember in future that kids like the junky things. Sales would have been better if we have the little junky prizes.
