

FCAT 2.0 Reading Retake and Statewide Science Assessment Overview

This fact sheet provides information about the Grade 10 FCAT 2.0 Reading Retake and the Grades 5 and 8 Statewide Science Assessment that measure student achievement of the [Next Generation Sunshine State Standards](#) (NGSSS). For information on NGSSS Algebra 1 End-of-Course (EOC) Retake, Biology 1, Civics, and U.S. History EOC assessments, see the [NGSSS EOC Fact Sheet](#).

Students to Be Tested in 2016–17

- **FCAT 2.0 Reading Retake**
 - Students who entered Grade 9 in the 2009–2010 school year through the 2012–2013 school year and are pursuing a standard Florida high school diploma must pass the Grade 10 FCAT 2.0 Reading test or obtain a concordant score on the ACT or SAT as one of the requirements for graduation. Students eligible to participate in this administration are as follows:
 - Adult students who did not pass the Grade 10 FCAT 2.0 Reading test and have not yet passed the FCAT 2.0 Reading Retake or earned a concordant score.
 - Students who enrolled in Grade 9 prior to the 2009–10 school year but did not pass the Grade 10 FCAT Reading test or retake. Because the FCAT Reading Retake is no longer offered, these students will participate in the FCAT 2.0 Reading Retake.
 - Students who entered Grade 9 in 2013–14 and beyond are required to pass the Grade 10 Florida Standards Assessments (FSA) English Language Arts (ELA) Assessment.
- **Statewide Science Assessment**
 - Students enrolled in grades 5 and 8 will participate in the Statewide Science Assessment.
 - Students receiving accelerated instruction in Science may participate in the appropriate Statewide Science Assessment.

Achievement Levels and Scale Scores

Student performance on Florida’s statewide assessments is categorized into five achievement levels. Table 1 provides information regarding student performance at each achievement level for the Statewide Science Assessment and the FCAT 2.0 Reading Retake; this information is provided on student reports so that students, parents, and educators may interpret student results in a meaningful way.

Table 1. Achievement Levels

Level 1	Level 2	Level 3	Level 4	Level 5
Indicates an inadequate level of success with the challenging content of the NGSSS.	Indicates a below satisfactory level of success with the challenging content of the NGSSS.	Indicates a satisfactory level of success with the challenging content of the NGSSS.	Indicates an above satisfactory level of success with the challenging content of the NGSSS.	Indicates mastery of the most challenging content of the NGSSS.

Achievement level scale score ranges for NGSSS assessments are provided in the tables below. The lowest score in Level 3 is the passing score for each assessment.
