

Last week Bartram Trail High School presented to all of our 8<sup>th</sup> graders on the exciting Career Academies and the AVID program. Students were sent home with program and application information.

Career Academy applications are to be submitted online through the “student” Home Access Center account (HAC). **This student HAC account differs from your existing parent HAC account.**

The user name is a capital S followed by the student’s six digit student id number. This is the same username that students use in Edmodo. The password is the capitalized first letter of the student’s first name, lowercase first letter of the student’s last name, and the student’s full birthdate (MMDDYYYY).

Example:

Name: Katherine Smith

DOB: September 1, 2002

Student number: 123456

Username: S123456

Password: Ks09012002

The AVID College Prep Program is currently accepting enrollment applications. All applications must be submitted online through the AVID website by Friday, January 29, 2016. The website is <http://www-bths.stjohns.k12.fl.us/avid/>.

Under separate cover, you will also find a list of very important dates for rising 9<sup>th</sup> graders. You will want to review them carefully as you consider options available to your child.
