LIBERTY PINES ACADEMY

Hello LPA Families!

Liberty Pines Academy wrapped up January with an outstanding, patriotic celebration of literacy during the final week of the month. Students and staff proudly filled our campus with red, white, and blue each day, all leading up to a fantastic **Stop, Drop, and Read** event on Friday. This last week I started incentivizing reading the quote on the marquee in front of the school that will continue through the end of the school year. The first student who could tell me the author (in person, by email, or through their teacher) would earn a prize! As I shared on the news Friday, **reading is power**—the power to learn, the power to understand, and the power to achieve. The more we read, the more opportunities we create for our future!

February brings several exciting events for our LPA families. On **Wednesday, February 4**, we will host **LPA Family Night**. Teachers will not assign homework that evening, and we strongly encourage families to spend quality time together. On **Friday, February 6**, we are excited and grateful to our amazing PTO for hosting the annual **"Soup"er Bowl**, a favorite LPA tradition. Then on **Saturday, February 7**, please join our administration and many teachers as we represent Liberty Pines Academy at the **St. Johns County Schools Character Counts 6K/3K race** at Palencia Elementary School. Mrs. Stanton has already announced she plans to win the whole thing!

Eighth-grade families, please mark your calendars for **Wednesday, February 25**, and plan to attend **Beachside High School's Eighth Grade Night**. This is a wonderful opportunity to explore your future school, tour the beautiful campus, meet teachers, experience the pep rally, and learn all that Beachside has to offer...don't miss it! As February is the month of love, we encourage everyone to take time to let those around you know how much they matter. Thank you for continuing to make Liberty Pines Academy such a special place to learn and grow.

Go Wolves!

Students enjoyed "buddy" reading during our Literacy Week Celebration!

Mrs. Small's Math class enjoyed a "glow day" to make learning math even more fun.

WOLF NEWS

Presenting Principal Swope!

By: Anupama Deshmukh

Mr. Swope is our wonderful new principal. He has been teaching for 20 years, and he enjoys helping people and equipping them with many great qualities! Our principal hopes to get to know all the amazing teachers here at LPA as well as the wonderful students.

Principal Swope wants to bring people together and help them succeed by helping them overcome the obstacles that may stand in their way. He believes that “every single person has a unique purpose and value that they bring to the table” and that using our strengths equally will make us stronger!

Outside of school life, Mr. Swope has many hobbies, such as golf and running. He also enjoys spending time with his family, which also includes his 3 dogs!

Ms. Chandler's Science Lesson

By: Sylvia Thomas and Gianna Zardetto

Last week, a scientist from our district named Mr. Zimmerman came to visit Ms. Chandler's 4th grade class. They were taught about the moon phases during our Earth in the Space unit. This lesson was about how the phases of the moon change over the cycle of about a month. During this lesson, Mr. Zimmerman, our science program specialist, had a fun activity that helped engage the students while covering the standard that they were learning. Students got to enjoy putting the 28 cards of the moon phases in order that represented the whole month of a moon cycle.

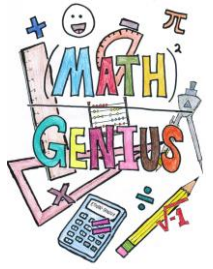

Student Council News

By: Spoorthi Sindhaval and Sylvia Thomas

Our Student Council is excited to present Valentine Grams! Students will be gifted with a delicious heart-shaped lollipop and a heartfelt message from one of their friends, as a fun way to celebrate Valentine's Day! Valentine Grams will be sold for \$1 Dollar each in the main hallway from February 6 – 10. Get them before they sell out!

In addition to Valentine's Grams, members of Student Council will also be participating in a Goodwill donation drive. Students are encouraged to bring gently used items, such as clothes and shoes, that they no longer use. Once all donations are collected, the items will be delivered to our local Goodwill to be distributed to help people in our local community. Donations will be collected in the bus and carpool lines on Thursday, April 2nd. Start cleaning out those closets today.

Washington DC Trip Review

By: Gianna Zardetto and Spoorthi Sindhaval

In the beginning of January, LPA's 8th graders got to enjoy a class trip to our nation's capital, Washington D.C. and learned about our nation's history. Students got to visit some of the country's most important memorials, like The Vietnam Memorial, dedicated to the lives fought and lost during the Vietnam War.

Students got to explore several museums in The National Mall including The National Museum of Natural History and The National Spy Museum! They participated in scavenger hunts and interactive experiences throughout the museums, including taking on a new identity and mission as a spy!

Our teachers and chaperones contributed a lot to this trip! They guided the students and helped them with some conflicts they had. The following teachers who helped us with the D.C trip are, Mr. Hoessler, Officer Barnhart, Ms. Lutts, Mrs. Cassidy, Mrs. Wurstner, Mrs. York, Mrs. Cox, Mrs. Bragg, Mrs. Montiel, and Mr. Raimondo. Thank you for your support!

Overall, the D.C trip was a huge success! The students enjoyed the trip, and they had the best time exploring the city, seeing the coolest monuments, and making awesome memories with their friends. Everyone was so excited to see the sights in person, and the whole group came home telling everyone about how much fun they had. It was truly a trip they'll never forget!

Thank you, parent chaperones!

Media Matters!

By: Ellie Thorpe and Brielle Coppola

This year our media center introduced a new engaging game for everyone in LPA to play. It is called "his or That!" This game is set up with two jars in the front of the library, each with a weekly option you would choose. For example: "Would you rather... be a brave knight or a creative inventor?" This activity is an amazing way for "all grades to come in and play our game, and as well as see the books in our school library has to offer," says our librarian Mrs. Rice. The winning option is then announced on the morning news show.

This week was also literacy week at LPA! Literacy week helps promote the importance of reading in fun ways! We took action during literacy week by wearing the assigned colors throughout the week. We also had an author visit that helped encourage reading.

Congratulations to our battle of the books teams:

Elementary:

Junayna A. -5th

LPA SPOTLIGHTS!

Teacher Spotlights

By: Ashweja Mechineni & Navya Sadanaveni

This month for the teacher spotlights we chose two very amazing teachers, Mr. Raimondo and Mrs. Balcita!

Mr. Raimondo is a world and U.S history teacher for 6th and 7th graders. He has been teaching for 4 years; he wanted to teach history to make sure history doesn't get forgotten, also, to share his love and passion for history. His favorite part of teaching is when students get that lightbulb moment and when everything starts to click for the students.

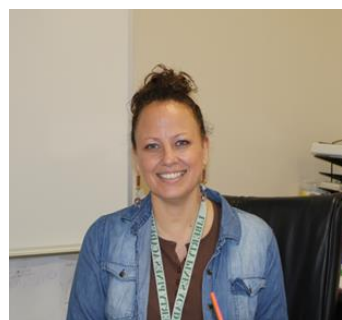

Mrs. Balcita is a 7th and 8th grade ELA teacher, and she has been teaching for 6 years. She wanted to teach ELA because of her love of reading literature, which she wants to share with her students. She originally did not think she would be teaching middle school, but she found it a pleasant surprise, and she has grown to love it. Her favorite part of teaching is building relationships with students and watching them grow over the course of the year.

Staff Spotlight

By: Ariana Ali and Sarah Cheng

Mrs. Kidd is the Office Clerk in the front office! She does everything from supervising ISS to helping in the bus line. Mrs. Kidd's office is in the ISS room, and she is responsible for putting in doctor's notes and absent notices. She has worked here since August 2025, and her favorite part is getting to know the kids! Before working at LPA, she worked in the Seminole County school system. Mrs. Kidd is super nice and loves working with kids! Make sure to say hi to her in the hallways!

Mrs. Swartz is the Cafeteria Manager at LPA! She prepares the food and manages everything that goes on in the cafeteria. She has worked at LPA for one year and she enjoys it a lot! Before she was at LPA, she used to be a substitute teacher. Mrs. Swartz has two daughters at LPA and wanted to be more involved at their school, so she decided to start working here! She's a great cafeteria manager and we are so lucky to have her!

Student Spotlight

By: Mallori York and Brielle Coppola

Brooks Shelton is in seventh grade, he's most excited for DC in 8th grade. The main tip he has for incoming 7th graders is to take electives that you actually want to take so you don't waste your classes. His favorite part of seventh grade is gym class with his friends. Brooks has mixed feelings because next year will be his last year at LPA.

Edan Halilovic is a fourth grader at LPA. He is excited that it's his last year of elementary next year because he's excited for middle school. He plays soccer and wants to try out for the school's team. Edan's favorite memory is playing soccer at recess.

PBIS Rewards

By: Brielle Coppola and Stella Alexander

This month, Ms. Walton introduced a new reward system for elementary classes. PBIS stands for Positive Behavior Intervention Supports. Classes get chosen at the end of each quarter and earn wolf paws. Whichever class has the most wolf paws at the end of the quarter gets a lunch reward. Last quarter, Wolfie came and enjoyed lunch with the students. Texas Roadhouse also gave kids a voucher for a free kid's meal! Keep up the good work!!

Congratulations to our January Character Counts Winners!

By: Collins Haney

This month the Character Count pillar of the month is Respect!

The students that got picked this month demonstrate these qualities:

- ★ The Golden rule
- ★ Courteous
- ★ Polite
- ★ Considerate of other people and their feelings
- ★ Dealing with conflicts peacefully and in a non-violent way

Spelling Bee News

By: Ashweja Mechineni and Sarah Cheng

Jahnvi Doneparthi has won the district spelling bee! Her winning word was Katana, and she was very surprised but happy when she won. She is now moving on to represent our district at the regional spelling bee! She has been practicing using the word list that she got, and with an app called Word Club made to help with spelling. We are all rooting for Jahnvi and hoping she wins the Regional Spelling Bee! The Regional Bee will be held February 27th, at La Villa School of the Arts.

100th Day of School

By Alice Poynton, Elena Heavener, and Lucy Collins

LPA just had their 100th day of school! Let's see what fun everyone had. Starting off with Mrs. Galats class we have Emmerson Miller and Matthew Adams! Emmerson dressed up as a granny. She wore a dress with beautiful red flowers all over. Her mom put her hair up in a high bun that was a shimmering silver. She says her favorite activity on the 100th day was, "drawing old people"

Moving on to Matthew, he dressed up as an old man. He wore a black suit with glasses and a fake mustache. Just like Emmerson, his favorite thing that they did that day was drawing old grandmas and grandpas.

After we asked the kids about their fun time, we asked the teacher about some other exciting things they did as a class. Their schedule was fully packed with fun activities! Including stacking 100 red cups, making a fruit loop necklace with 100 pieces, making their 100-year-old self-portraits, licking a tootsie pop 100 times, 100 gumballs, and they named 100 stories.

This year's 100th day of school was a blast! We hope that next year we can have just the same fun!

Literacy Week was a huge success, complete with an author visit by Kentrell Martin who created *The Shelley Adventure series* and lots of buddy reads!

LPA Reading Olympics is Feb. 6th-20th!

- Go Team USA in the 2026 Winter Olympics! We want our wolves to feel like they can be Olympians too with reading.
- **Help us spread the word to K-8 students** about our latest library program made for them.
- **View our flier** for details about participation: [LPA Reading Olympics](#)
- **Prizes will start being distributed in the Media Center on Monday, Feb. 9th.**

ELEMENTARY

MUSIC

MONTHLY SNAPSHOT

Elementary music is buzzing with learning and creativity! Fourth grade is wrapping up their final quarter of recorders this year by mastering the C major scale. Fifth grade is full of energy as students dive into bucket drumming and begin creating new routines.

Third grade will soon start rehearsals for their spring musical, The World of Dr. Seuss. Second and third graders are currently having fun performing the Valentine-themed song "Viva Valentine," dancing, playing instruments, and even doing the limbo!

Kindergarten and first grade are exploring Peter and the Wolf by Sergei Prokofiev, learning how different instruments portray characters and moods—like the powerful French horns bringing the wolf to life.

Your students are such a blessing to have in music!

Musically Yours,
Mrs. Snyder

SPOTLIGHT

So much music happening! Moonlight Howler students are practicing for their spring musical, 5th grade is getting ready to rock with bucket drumming, and students are enjoying a music bingo station during Wonderful Wednesday fun.

Liberty Pines Art Corner

By: Julia Radecki and Bree Coppola

Liberty Pines is always filled with artwork from elementary and middle school! Our amazing art teachers, Mrs. Scoggins and Mr. Wolfe, always strive to help our students express their full creativity.

Mr. Wolfe is our middle school art teacher. He has eighth through sixth graders stretching their creativity every day. Eighth grade is working on painting graffiti, seventh grade is working on advanced one point perspective, and sixth grade is working on the basics of one-point perspective. Mr. Wolfe's favorite unit to teach is painting because that was his focus in college and he finds it very enjoyable.

Mrs. Scoggins is our elementary art teacher. She has kindergarten through fifth grade learning how to express their creativity! Mrs. Scoggins' favorite part of teaching is seeing the kids grow in life skills and being able to teach in such a fun environment. Her favorite artwork out of all the grades right now is the moose project in second grade.

Liberty Pines Academy's art corner is loved by many. Mr. Wolfe and Mrs. Scoggins do an amazing job keeping it alive and colorful every day!

Band News

By Sadit Anwar

LPA performed at the SJC Honor Band on January 24. Some of the best middle school musicians from around the county got together and performed a concert after only 3 rehearsals. Eight eighth grade students were chosen to present LPA. Next week, band has their Jazz MPA and Mr. Spilling is very excited about it!

The jazz bands go to a school that changes every year for their Jazz MPA. Jazz band chooses 2 to 3 songs to play in front of judges with the best rating being superior and the worst being poor. The new Jazz Lab doesn't go to the Jazz MPA because Jazz Lab is more about getting into the feel of jazz instruments. This is also the first year that concert band goes to perform at an MPA but it is a separate date than the Jazz MPA.

NJHS News

By Hannah McFadzean and Nora Maas

NJHS gives students the opportunity to volunteer and help their community. NJHS is only open to handpicked 7th and 8th graders, and not only do they help the community, but they also help with the school and athletic events. Now that basketball is in season, NJHS volunteers to work the concessions and do the scoreboards. Members of NJHS also work at the Wolfie Warehouse, where students' kindergarten through eighth grade can use their hard-earned points to get prizes, and cool gadgets. However, we could not have made all these things happen without our amazing Mrs. Cassidy and Mr. Raimondo who lead the whole organization that helps our school. Also our amazing President Julia Radecki and Vice President Mallori York. NJHS has helped our school in many ways and will never stop helping.

Fun Stuff

by Ariana Ali

Jokes:

Q: Why were they called the Dark Ages?

A: There were lots of Knights.

Q: What do Alexander the Great and Winnie the Pooh have in common?

A: They have the same middle name.

Riddle

Last month's riddle was: What word has kst in the middle, in the beginning, and the end?
The answer: Inkstand.

This month's riddle: What is 3/7 chicken, 2/3 cat, and 1/2 goat?

Answer will be given in next month's newsletter!

Trivia:

Q: How many folds does a traditional chef's hat have?

A: 100 (It represents the number of ways a skilled chef can cook an egg)

Q: What is the # symbol actually called?

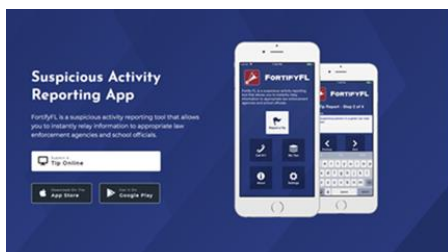

A: An octothorpe

Weird Fact:

You are actually taller in the morning than at night! When you wake up, your spine has had a chance to stretch and decompress, making you taller. However, after you have gone through the day, the cartilage between your bones has compressed slightly, making you shorter.

Don't forget to purchase your amazing 2025 – 2026 yearbook today!! Yearbooks would make a great gift to give yourself in the spring, but you should order them now while supplies last, so you don't forget. The LPA Code is #381802 😊 at www.buytheyearbook.com
